North loop plan wins first round

Establishment of a plan line for the proposed north loop street, 295-feet north of Campbell Ave., moved a step nearer reality Monday night when the Planning Commission unanimously approved the route for the new street.

The new civic center complex will be located north of the new street.

But before the Commission, by a 6-0 vote (Jack Healey was absent), approved the proposed plan line, many residents in the affected area rose at the meeting to protest the proposal.

Filed with the Commission also was a petition of 89 signatures in protest to the north loop.

The petition specified that the north loop was too close to Campbell Ave., and the "establishment of a plan line at this time will place a cloud on our titles and greatly hinder any sale or development we may want to pursue".

Among those speaking at the meeting in opposition to the proposed plan line, which has been under study for many years, were two long-time residents of the area, Mrs. Edna F. Smith, of 62 N. Second St., and Carl Field of 125 N. Second.

Mrs. Smith, a vigorous 92-year old widow who with her husband operated The Campbell Press from 1912 to 1945, called attention to the many children on the [illegible] streets in the area of the loop. She claimed the new street would create a traffic hazard for them. She thought it would be far better to establish parking areas off Campbell Ave. and she also wondered why it

(Continued on Page 2)

One more lane

In an attempt to alleviate the horrendous traffic jam up on Campbell Ave. that occurs during the peak hours, especially at the Winchester intersection, an additional eastbound lane was "added" this week from Winchester to Second St.

At the direction of Bill Wren, public works director and traffic engineer, the stripes on the street were moved north far enough to gain an extra lane taking up space that was otherwise "wasted". For those two blocks there will be two lanes for east traffic and one lane for west.

The street is wide enough between Winchester and Third to do the re-striping without affecting any street parking. Between Third and Second, however, it was necessary to remove six parking spaces.

Council gets new topless request

Action on the topless front in Campbell, dormant for some months, may be renewed again as a result of an application filed with the City Council by C. R. Hughes, of 362 Sycamore Court, Los Gatos, to reopen the Classy Chassy at 1665 S. Bascom.

In a letter to the City Council, which is on the Council's agenda for next Monday, Sept. 22, Hughes is requesting an entertainment license so he can operate the beer bar with topless entertainment.

He explains in his letter that the entertainers will be on stage out of reach of the customers and no bottomless will be allowed.

Last spring the City of Campbell took the former operators of the Classy Chassy to court after the Campbell police had arrested the operators for violation of a city ordinance.

The court ruled at that time that the city had no jurisdiction in the matter because of state pre-emption in that field. The operators, however, closed the bar anyway.

Since that time new state legislation has been enacted which could allow a city to control such activities, according to city officials.

They also point out that Campbell's anti-topless ordinance is still on the books.

At next Monday's meeting, the Council is scheduled to ask for bids for $218,539.58 in bonds for Local Improvement District No. 18, the mammoth street improvement project now underway on Bascom, Hamilton and Campbell avenues.

The Council will also receive a report on the mini-bus operation now in use in Menlo Park. Representatives of the West Valley Senior Action Center in Campbell have asked the city's support in establishing a similar bus system in this area.

A request from the Town Council of Los Gatos is also on the agenda seeking Campbell's support to keep a proposed alternate route for Highway 17 from going through that town.

School district calls "family life" meeting

That controversial subject of Family Life Education in the Campbell Union School District schools, will be tossed back to the people most involved, the parents of the school children, at an open meeting scheduled for 7 p.m., Monday, Sept. 22, in the Campbell Elementary School multi-use room.

At that time the trustees will present an analysis of the program, plus the evaluation of the pilot studies carried on in the district schools during the spring session. No classes in Family Life Education are being conducted in Campbell

Parking problem plagues people as West Valley College opens

West Valley College opened last week for the sixth year in the "temporary" campus in the Winchester-Latimer-Campbell sector of town.

As usual, almost every available space on the residential streets adjacent to the college, was taken by a student's car, while the college-maintained parking lot between Rincon and Campbell avenues was half-filled, as the accompanying photos reveal.

The mobile-orientated West Valley College students have even "made" their own parking lot this year in an area that was not available to them in previous terms....

They are using a strip along the north side of Latimer from First to Third streets, as the photos show, that was previously occupied by trees of the Gomes Ranch.

The orchard has been removed in preparation for the multi-million dollar apartment and commercial project that is slated to go on the property between Latimer and Hamilton.

But right now neither trees nor buildings hinder the stu-

Out on the Limb with George Vierhus

SOME TIME AGO WE INvited readers of this column to send in questions that bothered them about the city, schools and the community in general and we would attempt to find the answers.

The response has not been moon-shaking to any degree.

But this week we did get a question which we think may have bugged a lot of people.

In a letter to us Mrs. Lorraine Lewis asks; "Is it really true that Campbell's largest and newest shopping center is to be called "The Prune Yard?"

The answer is YES.

But Mrs. Lewis deserves a more comprehensive answer than that.

Not only does she raise a question we know that has bothered quite a number of people in the community but she also contributes a constructive criticism in her note to us by suggesting another name...CAMP-BELL TOWERS, using a sketch of a bell between "Camp" and "bell"... This would designate its location in Campbell.

After asking her question, Mrs. Lewis continues: "This name (The Prune Yard) has been discussed at many gatherings lately and most people are horrified to think that such a name is to be hung on Campbell for years to come.

"Anyone who has lived near the prune yard remembers the smell of the dipper and the dust underfoot. Such a name only suggests a place where cheap flea-market merchandise is sold."

She then makes her suggestion of the "CAMP-BELL TOWERS" and adds: "Many towns in Europe have beautiful bell and clock towers. Campbell has the making of something beautiful also. Let's have a name we can be proud of".....

-0-

AT FIRST BLUSH THE suggestion truly rings a bell.

Admittedly when Fred Sahadi first came up with the name "The Prune Yard" for the multi-million dollar project at Bascom and Campbell avenues, we expressed skepticism and disappointment in the nomenclature.

We were certain that a more "glamorous" handle could have been found.

But Fred's reasoning was sound and he sold us on it without much of a struggle.

-0-

CONCEDING THAT those of us who recall prune yards and the smells that went with them may have a built-in distaste for the connotation that the name implies, the fact remains that such activities were a definite part of this area.

You might call it our heritage.

In this sprawling, urbanized area in which we live today, the smells, the activities and the bustle of the fruit harvest and all that went with it, are almost forgotten.

There are undoubtedly thousands and thousands of residents who have flocked here in the past two decades who are probably totally unaware of the fruit basket background that once made the Santa Clara Valley the garden spot of the world.

But orchards, packing sheds and canneries have now been replaced by asphalt and buildings for the most part.

Even the name given Campbell at the time of incorporation in 1952, "the orchard city", is very much out-of-place today, for the orchards within the city limits can now be counted on one hand.

Although the name "The Prune Yard" may not have as glamorous a ring as "CAMPBELL TOWERS", the development is rising from a former orchard and in a town that is officially known as "the orchard city".

It provides a link with a past that had some fine mo-

Editorial

City and college

West Valley College has opened its temporary Campbell campus for the sixth year.

Originally planned for a temporary stay of five years in the old Campbell Grammar School quarters of which many of the sections of the buildings have been banned for classroom use because of the Field Act, the college has started its sixth year in the Campbell-Winchester location with no indications as to how many more years it will be used.

Since the formation of the junior college and the opening for the first time in the fall of 1964, there have been many changes in the overall situation.

During the past six years, three bond issues have failed and the enrollment has increased four times. And a "permanent" campus has been acquired in Saratoga.

The defeat of the bond issues has forced the college to build permanent facilities on the Saratoga campus on a pay-as-you-go method. Thus it has not been possible for the college to keep pace with the ever-increasing enrollment.

For example, although the facilities in Saratoga this fall are accommodating more students than the total enrollment of the college in 1964, the temporary Campbell campus is probably taking care of twice as many students today than were on hand in the fall of 1964.

The voters in the junior college district (Santa Clara, Los Gatos-Saratoga, and Campbell high school districts) will again be presented with a bond issue next spring.

Obviously a bond issue is a necessity, if the junior college district is going to function properly.

In no other way will it be possible to complete the facilities for just one campus, let alone the three that experts claim will eventually be needed to accommodate the district's enrollment.

We have said many times in the past that the college administration has done an admirable job during the past five years in developing its educational program under adverse conditions.

But we have also maintained that the college authorities have failed to recognize that Campbell should play an important part in the college's future.

From the very start the city officials of Campbell have cooperated in every way possible to facilitate the operation of the temporary Campbell campus.

But efforts by city officials to gain some firm commitment from college authorities as to what is planned for Campbell in the future have failed.

All recognize, of course, that the failure of the bond issues put a crimp in any timetable that could have been presented in the early years.

We recall that in 1964, after the failure of the first bond issue and when the people in Saratoga were up in arms over the very thought of a junior college campus soiling their community, the City Council of Campbell went on record inviting the junior college to make Campbell its permanent home.

But the experts decided that Saratoga should be the site for the first junior college campus, so the necessary land was acquired.

Without bond money the development of the Saratoga campus has been a slow process.

And unless the next bond issue is passed, the development in the future will be even slower.

This newspaper has gone on record that it cannot in all sincerity support the proposed bond issue for the junior college district, unless it is spelled out specifically where Campbell fits into the picture.

We maintain that after all these years of "temporary" existence, the college district has put down roots in this community that will do irreparable harm, if they are jerked out with only a bare thank you note for the hospitality.

It must also be obvious to the most naive person, that even should a bond issue be passed next year, there will be no "instant-campus" developed in Saratoga.

The temporary campus thus will have to continue in Campbell for a long time...We submit that there should be some change in a temporary status after a decade or so has passed by.

Perhaps we are over-simplifying matters, but it seems to us that in the years that the temporary campus has been in existence something permanent could have come out of it.

And we also feel that the college authorities should recognize the problem that faces the city authorities in trying to work their future plans for the development of the city around something that is neither fish nor fowl.

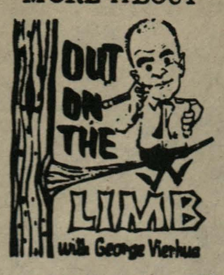
It is a sad commentary on the situation but the college-community relations have deteriorated to such an extent that many of the local citizenry, including many city officials, are anxious to see the college get out of town. (That is especially true of those residents who live on streets used for parking by the students.)

A community college such as West Valley offers a community a great deal in the way of cultural activities. There should be a good rapport between the college and the citizens and leaders of the community.

But this rapport, if you will, is not a one-way street.

So again we ask what are the plans for Campbell in the college's future?

MORE ABOUT



(Continued from Page 1)

ments.

And it is unique.

(Do you know of any other prune yards like it?)

Keep the questions coming.

-0-

AN INTRIGUING ITEM from the minutes of a recent Parks and Recreation Commission:

"....We now have a new western regional HUD representative who is a lady and recently met with Mr. Stephens.–We are in the process of supplying additional information"....

Do they mean information about Bob's meeting with the lady?

-0-

YOU CAN WELL IMAGine the good-natured gloating that took place at a recent Campbell Kiwanis Club meeting when a member of the Menlo Park Kiwanis Club was a guest of the Rev. W.H. (Ben) Gould.

The guest was Don Kennedy, former Bank of America branch manager here and who was promoted to an executive position in the Menlo Park branch.

While Don was in Campbell he was an active member of the Campbell Rotary Club and was ready to be installed as that club's next president when his promotion by the BofA took place.

Don's immediate superior in Menlo Park is a member of the Rotary Club in that city.

So Don became a Kiwanian.

We were going to say something about Kennedy's appearance on the local service club scene was something like "Donald in the Lion's Den".

But the Lions were not involved.

Just Kiwanians and Rotarians.

-0-

THIS HAS NOTHING TO do with anything in particular but Bill Podgorsek, who was in charge of the Knights of Columbus German sausage booth at the county fair, informed us that almost a ton of sausage was sold by the Kaycees during the 10-day run of the fair.

Bill, a member of the Parks and Recreation Commission and who was chairman of the successful park bond drive committee, is one of that rare breed who figures that "belonging" to an organization means that he will be active in it.

His enthusiasm rubs off on his fellow members whether he is dispensing sausage for the Kaycees at the fair, campaigning for park bonds, carrying out programs for the Parks and Recreation Commission or working for projects for school (Hazelwood) or church organizations.

And this built-in enthusiasm for his community and its organizations is the basic reason why the various projects in which he becomes involved are so successful.

Whether it's selling a ton of German sausage at the fair...

Or passing a $300,000 in park bonds for the city...

-0-

A YOUTH ADVISORY Commission is now in the process of being formed in the City of Campbell.

Carl Kuhn, assistant to City Manager Bob Stephens, is the coordinator of the program which was established by official action of the City Council.

Youths (between 16 and 21) who are interested in serving on the new commission are asked to contact Carl at the city hall or get in touch with Rusty Hammer, a Del Mar High School student, who has been spearheading the idea of such a commission.

The commissioners must reside within the city limits of Campbell, a policy that was specified in the resolution after considerable discussion.

The original resolution listed "Campbell's planning area".

This residence requirement for commissioners has always provoked pros and cons.

At the present time, members of the Parks and Recreation Commission are required to live within the city limits but planning commissioners don't have to.

Of course, councilmen must be bona fide residents of the city.

At the present time, however, only one planning commissioner does not live within the city.

We have long advocated this city limit residential requirement, simply because the issues that come before the city bodies are city issues.

We don't belong to the "do-as-I-say, not-as-I-do" school, either for city officials or department heads.

We concede that there are "good people" living outside the city limits who believe in Campbell.

But with a city of 24,000 we maintain there are enough inside to man the ship.

-0-

WHAT WILL CONSTITute the duties of the youth commissioners is pretty general as spelled out by four statements in the council resolution. But the first one seems to cover the situation from all angles.

"(1) Act in an advisory capacity to the City Council in all matters pertaining to youth-related programs, and to cooperate with other governmental agencies and civic groups in the advancement of worthwhile contributions which young people today are capable of making toward society;..."

We have gathered from our observation of some of the articulate youth of today that "youth-related programs" cover a widely diversified field.

Ceiling unlimited, one might say.

Planners deny new roof sign

By a 4-2 vote on Monday night, the Planning Commission upheld the ruling of Art Kee, planning director, which had denied a new roof sign for Roundhouse Liquors at 1650 W. Campbell Ave. in the Kirkwood Plaza.

Vernon Burgess, of Ad Art, presented the case for the new sign explaining that the store needed to have identification and the present sign on the building was just not doing the job. He said that the proposed sign was only slightly larger than the present one and was necessary to place it on the roof in order for it to be seen. He added that the design of the building made a roof sign necessary.

Kee explained that the city frowned on roof signs in the first place and felt that the present building sign was sufficient to adequately advertise the store.

Commissioners Thayer Lyons and Merrill Grim agreed with the applicant that the new sign was essential but they were outvoted by Chairman Ed Pack and Commissioners Dale Scott, Norm Paul and Frank Klein.

Scott argued that the approval of this particular sign would open the gates for other similar cases and three of his fellow commissioners agreed with him.

The Planning Commission also denied two other applications that were on the agenda. The application of Kurt Gross, a San Jose councilman, for a commercial building at 402 E. Hamilton Ave. was turned down because of insufficient parking.

Douglas Oil Co. was denied a variance for a setback from 15-feet to 5-feet from the property line for an additional pump island at an existing service station at 1605 Winchester Blvd. But the oil company's application for a use permit to allow the additional pump island was approved.

The Commission approved the application of Pan Pacific Properties for a 7-11 Market at 262 Sunnyoaks and also, by a 4-2 vote, the application of B & H Motor Service to allow a door opening onto Campbell Ave. of a building at 10 Railway Ave. The firm repairs boat motors. Both Scott and Grim felt that it would not be upgrading the street to approve the operation.

Continued until the Oct. 6 meeting was the prezoning hearing on properties located on the north side of Apricot Ave. in the process of being annexed to the city.

Staff was directed to meet with the various property owners involved to get a definate opinion on the type of zoning that was desired.

Three other items were also continued until Oct. 6, one was a proposed city code amendment that would modify the present density regulations and the other two dealt with open space requirements of the city.

MORE ABOUT

Family life

(Continued from Page 1)

schools at the present.

Ten classes in six different schools, involving all grades but kindergarten and the second grade, were conducted during the spring semester last year. Parents were invited to sit in on the special classes, and in the seventh grade Rolling Hills class, parents did participate on an every day basis.

These parents then prepared an evaluation study which was presented to the board members on June 12.

Material for the classroom studies was prepared from the Contra Costa recommended program in Family Life Education and other resources as recommended by the Santa Clara County Board of Education.

A recent recommendation by the State Board of Education is that the Family Life Studies may be carried out by local schools with parents reserving the right to withdraw their children from the classes without loss of school credit.

The open meeting is called by the Board of Trustees through a letter being sent home by all of the children in the school district in order to present a full picture of the evaluation and study meetings. Comments from interested parents will be carefully taken into consideration in order to more fully carry out the wishes of all involved persons.

MORE ABOUT

North loop

(Continued from Page 1)

was necessary for the citizens of this city to build such a good road for through traffic.

Field, who came to Campbell in 1925, and operated a store on Campbell Ave. until his retirement some years ago, maintained that the proposed street would create more difficulties instead of solving the problem. He claimed that it would be better to take parking off Campbell Ave. during the peak traffic hours to allow three lanes going east and one west.

Others who took the floor to protest included Mrs. Opal Graham, of 46 N. Second, Mrs. Claribel McKenzie, 74 N. Second and John Shea, of 75 N. Second.

Shea claimed that the new street would depreciate properties close to it and that it would spoil a quiet residential area.

John Faber, chairman of the Downtown Revitalization Committee, defended the plan line and traced the background that led up to its presentation. He explained that his committee had been in existence since 1960 and he thought the group had studied every conceivable plan presented in an attempt to solve the problem.

He admitted that it was not perfect but that it was a conscientious effort on the part of the city and citizen group to find some answer.

After an hour of discussion, the public hearing was closed and the commissioners had their say before voting on the issue.

Commissioner Dale Scott explained that the plan line was not new to the commission. It had been recommended in general by the Commission previously as a result of the 701 study. He felt it was necessary to adopt the plan and get on with it.

Commissioner Frank Klein said it was part of the general plan already and they were only pinpointing the route. He said that the general plan called for high density in the residential area.

Chairman Ed Pack suggested to the audience that the picture in Campbell was rapidly changing. Major projects, such as the Sahadi development at Bascom and Campbell, the Gomes Ranch between Latimer and Hamilton and the civic center complex, would make a radical difference in the entire downtown area.

The motion to recommend the adoption of the plan line was made by Scott and seconded by Norm Paul. It was passed without a dissenting vote.

The recommendation now goes to the City Council. Another public hearing will be held.

GRANDFATHER STEPHENS

City Manager and Mrs. Bob Stephens on Monday (Sept. 15) at 10 p.m. became grandparents for the first time when their daughter (Pat) and son-in-law, Mr. and Mrs. Pete Susterich of Daly City, became the parents of a baby daughter.

Michele Susterich weighed in at 8 lbs. - 6 oz.

Parking

(Continued from Page 1)

dent motorist who seeks a spot to park his vehicle while he rushes to class.

Apparently the parkers are not violating the admonition on the signs "NO parking any time".

The cars are parked off the street.

Residents on the streets adjacent to the college, long-plagued by the student-parking problem, had entertained hopes this year that with the Saratoga campus operating on a pretty full schedule that maybe they would be able to once more park in front of their own homes.

But even with the "newly-found" parking strip, the streets are still jammed.

Some of the residents have ventured the observation that maybe they should inform people who plan to visit them to use the college's Rincon parking lot.

Space seems to be available there.

Piano class opens Sept. 17

Baroque to modern music will be surveyed when a piano keyboard literature class gets underway at West Valley College Sept. 17.

The lecture-recital-analysis course is designed for the general student and for those music majors and teachers interested in new ideas on interpretation.

Noted concert pianist Marvin Scott will instruct the course. He has studied with numerous music experts including Frank Moss, Wagner Swayne, Dr. Egon Petri, Abram Chasins, Nicolas Slonymsky and Madame Lhevinne.

Those interested in attending the 16-week, non-graded sessions should register at the Office of Community Services, located at 44 E. Latimer Ave., Campbell, room L-26. Applications are on a first-come, first-served basis. Further information on the tuition free course may be obtained by calling 379-1733 ext 58.

UNICEF ready for Hallowe'en

Final plans for a safe and constructive Hallowe'en for UNICEF are being completed according to Mrs. W. Dummler, local Campbell chairman.

Collection cartons, identification badges and literature have been distributed in the local area, and parents or youth group sponsors interested in any phase of the Trick or Treat program may contact Mrs. Dummler at 241-6201.

The children's collection money is used to help children throughout the world as well as the Biafra and Nigeria children and the hospital work conducted by the Dr. Tom Dooley Foundation in the countries threatened by the Communists.

The local UNICEF Committee is particularly interested this year in distributing films explaining UNICEF's work, including the Danny Kaye film "Operation Children". Films are available for a $1 rental fee to all groups willing to pick up and return them.

AUDITIONS

The Young People's Operetta Guild, Inc. is holding auditions now for the operetta "Martha" by Flowtow, at Moreland School, Payne and Saratoga Ave., San Jose, Tuesdays and Fridays until Sept. 30, from 3:30 to 5 p.m. Ages 12 through 19 years will be accepted. Please bring own music for auditions. Call 257-3683 or 379-8885 for further information.

David Thompson claims bride in double ring ceremony

MR. AND MRS. DAVID THOMPSON

The First United Methodist Church of Campbell was the setting for the recent double ring ceremony uniting in marriage Miss Patricia Ann Miller and David George Thompson.

Conducting the ceremony was the Rev. Clyde Vaughn, former pastor of the groom's church.

As she went to meet her bridegroom, Patricia was radiant in a lovely silk organza gown over satin-backed crepe which had been made by her mother and herself. The empire A-line style gown was fashioned with a stand-up rolled collar, sheer sleeves and a cathedral length train attached at the shoulders. Her silk illusion shoulder length veil was held with a bow headpiece and she carried a formal cascade of miniature carnations and stephanotis with an orchid center.

Miss Mary Beyer, formerly of Campbell and now living in St. Paul, Minn., was chosen by Patricia to serve as her maid of honor. Bridesmaids were Barbara Miller, sister of the bride; Chris Thompson, sister of groom and Sandy Straw and Joyce Robins, college roommates of the bride. All of the attendants wore sleeveless turquoise floor length dresses with a back bow reaching to the floor and a matching bow headpiece. They all carried identical Dutch colonial bouquets of yellow and white daisies and pom poms.

In the role of junior bridesmaid was Margaret Miller, who wore a pale turquoise floral nylon empire line floor length dress with puff sleeves. Altar attendants were the bride's cousins, the Misses Margie and Nancy Redman of San Diego.

Patricia is the daughter of Mr. and Mrs. George W. Miller of 206 N. Milton Ave. A Campbell High School and San Jose State graduate, she plans to continue her education at San Jose State working for her elementary teacher's certificate.

For her daughter's wedding, Mrs. Miller chose a turquoise linen dress with matching trim and hat accented with bone accessories and a gardenia and stephanotis corsage.

David is the son of Mr. and Mrs. G. Omer Thompson of Stockton, California. A graduate of San Francisco State, he has just finished a two-year tour of duty with the U. S. Army and plans to enter the Methodist ministry.

Mrs. Thompson wore a green silk organza ensemble with white embroidered overlay on dress, white accessories and a gardenia and stephanotis for her son's wedding.

David chose his brother, Grant Thompson, as his best man. Ushering were George Miller, Jr., Dennis Faist, Tom Faist, Clifford Hoskins and Jerry Holley.

Following the ceremony the newly-weds greeted their guests in the church fellowship hall which was decorated with turquoise net and yellow daisies. A five-tiered wedding cake was cut by the new Mr. and Mrs. Thompson before they left on their wedding trip to the High Sierras.

Mrs. Thompson wore a beige linen suit with green accessories for her going away ensemble. The young couple are now making their home in San Jose.

W.V. College women hold membership tea

A membership tea at the home of Mrs. Kenneth Jewell, 20520 Reid Lane is planned for the opening meeting of the Faculty Wives and Faculty Women of the West Valley College on Saturday, Sept. 20.

A social hour around the pool is planned for 11:30 a.m. with a salad bar luncheon following at 1 p.m. A short business meeting will be conducted by Mrs. John G. Jorgensen, president, following the luncheon.

Honored guests will be new faculty women and faculty wives, according to Mrs. Eugene Nyquist, social chairman.

Other hostesses for the day include members of the new executive board, Mrs. Jorgensen, Mrs. Mel Tuscher, vice-president; Mrs. Lewis Dreyfous, secretary; Mrs. Mac Martinez, treasurer and Mrs. Gordon Aumack, Mrs. Jewell, Mrs. Thomas Smith and Mrs. Ian Webb, committee chairmen.

ARTISTS SHOW

A group of 15 artists will be exhibiting their work during the weekend at the Riverside Plaza Shopping Center on Hamilton Ave. Media of all kinds will be offered for sale, and will be on display.

CCH auxiliary plans Sept. 18 discussion meet

Discussion of the goals and plans for the coming year will be the topic of the regular business meeting of the Campbell Community Hospital Auxiliary scheduled for Thursday, Sept. 18. Mrs. Bernice Schramm will convene the meeting in the conference room of the hospital at 10 a.m.

A board meeting will be called by Mrs. Schramm at her home on Wednesday, Sept. 17 at 11:30 a.m. Also scheduled at the Schramm home is a workshop for Sept. 23 at 10 a.m. At this time signs will be painted emphasizing the hospital ruling of no smoking for visitors.

William Gales observe Golden Wedding anniversary

A new diamond ring adorns the hand of Mrs. William H. Gale, a gift from her husband as a commemoration of their fiftieth wedding anniversary on Sept. 6.

The golden wedding couple were feted during the afternoon at an open house given by their three daughters, held at the Santa Clara home of their daughter, Mrs. Barbara Puckett. Hostesses for the festivities were daughters Mrs. Bettey Border of Pittsburg, Miss Gladys Gale of Saratoga and Mrs. Puckett.

The Gales, who have made their home at 341 N. Milton Ave. for the last five years, were married in Los Angeles. Gale is a retired postal supervisor having worked out of the San Fernando office.

The golden wedding theme was carried out throughout the home with a lovely decorated three tiered wedding cake, golden candles, gilded magnolia leaves and a beautiful basket of golden marigolds.

The presentation of the new diamond ring, a phone call from a sister, Mrs. Mary Gale from Rhode Island, a money tree, and a card from Mrs. Gale's brother and sister-in-law from Midpines, with their initials made with gold nuggets panned from the streams in their area, were all high points in the celebration.

Included in the guest list were their granddaughters, Capt. and Mrs. Wayne (Lynda) Johnson of Camp Irwin; Mrs. Roberta Walker of Santa Clara and their great-grandson, Robert Walker.

Out of town guests were Mr. and Mrs. Walter Griffin and daughters Karen and Collenn of La Crescenta; Elizabeth Curtis, Yuba City; Mr. and Mrs. Harvey Kazer, Felton; Mr. and Mrs. William Knepp, San Fernando; Virginia and Betty Myers, San Francisco; Jayne Chandler Rountree, Granada Hills and Mr. and Mrs. Frank Walker of Los Altos.

The alert anniversary couple are interested in historical California momentoes, and Mrs. Gale is a member of the Native Daughters of the Golden West. Gale is an avid picture taker of the California missions and has a complete collection of slides of all of the missions.

HAPPY ANNIVERSARY -- Mr. and Mrs. William Gale with the lovely wedding cake that graced the buffet table on the occasion of their fiftieth wedding anniversary.

Campbell High Booster Club plans barbeque

A free barbecue, open to all potential members of the Campbell High School Booster Club, will be held Saturday, Sept. 20 on the high school grounds following the first scrimmage game.

The Campbell High football team has been rated number two for the Central Coast District, and the Booster Club will be working hard during the year to help make them number ONE. One of the first projects for the Campbell High backers will be the addition of rest rooms on the campus playing field.

A membership drive will be conducted during the barbecue time and plans outlined for a "Flea Market" rummage sale to be held during the next month will be discussed.

The Booster Club was formed to help with all school activities, according to Bill McLain, president. One of the purposes of the organization is to subsidize many of the school projects which would not be available from tax fund money, such as the much needed rest rooms, band uniforms, extra playing equipment and other "fringe" essentials.

The barbecue, which is open to the public, will kick off the year's activities.

W.S.C. to hear Orris Moe speak

The Women's Service Club of Campbell will hold their fall opening meeting at the home of Mrs. Dean Chamberlin, 103 N. Carlyn Ave., Wednesday, Sept. 24 at 1 p.m.

Guest speaker for the meeting will be Orris Moe, director of the Triton Museum in Santa Clara. He will be introduced by Mrs. Arthur Schuck, program chairman.

PHARMACY PHACTS

Blaine

The average man who begins shaving at age fifteen will ultimately scrape a total of 27½ ft. of whiskers from his face. He will spend 3,350 hours, or 139 days, getting rid of his stubble.

* * *

Long-term use of some tranquilizers and energizers may lead to heart abnormalities, according to Dr. Carl Alexander of the Veterans Administration Hospital in Minneapolis. This is one of the many reasons why you should always check with your physician before refilling prescriptions over a lengthy period.

* * *

Customers often ask whether warts are dangerous. Ordinary warts are not harmful. A wart is a viral infection of the epidermis, the outer layer of skin. Most of them are benign. However, if an excess of warts appears, you should see your physician.

* * *

An old time solution to nightmares -- burn hazel nuts and put the ashes in a package under your pillow. Then -- happy dreams!

Country Woman's Club luncheon launches new year

Mrs. Daisy Fraser will be the guest speaker at the opening fall luncheon of the Campbell Country Woman's Club scheduled for Sept. 22.

Mrs. W. R. Morgan, program chairman, will introduce Mrs. Fraser who will speak on the topic "Federation and Other Things". Mrs. Fraser has been active in club work for forty-five years and is at present district chairman of home management, finance and consumer education of the Loma Prieta District.

Mrs. Fraser has also served as president of the past presidents assembly of Loma Prieta for two years, chairman of family living and gerontology for two years and president of the South Palo Alto club for four years.

The 1969-70 club year program has as its theme "The Heritage of the Past is the Seed That Brings Forth the Harvest of the Future".

An exceptionally fine program has been worked out for the year which promises to be a very eventful year for the club under the leadership of Mrs. William Cave, president.

Assisting Mrs. Morgan with the luncheon for the opening day are Mrs. William J. Warren, Mrs. Everett W. Grell, Mrs. William O. Fuller, Mrs. C. B. Fields, Mrs. Dean Chamberlin, Mrs. Milton Howe, Mrs. Cave and Mrs. Ralph Hyde.

Officers for the new year who will serve with Mrs. Cave are Mesdames Lawrence Tober, first vice-president; Milton Howe, second vice-president; Dorothy Messinger, corresponding secretary; Mrs. M.A. Vaughn, recording secretary; Peter Yerkovich, treasurer; Ray Miehe and C.A. Johnson, directors and Dean Chamberlin, parliamentarian.

Around About

HAPPY BIRTHDAY

Mrs. Ida Kirk observed her 90th birthday on Sept. 15. Happy Birthday and many happy returns of the day.

PAPER DRIVE

The high school age group of the Congregational Church of Campbell will be conducting a paper drive Sept. 19, 20, 21 and 22. At that time a large paper bin will be located at the rear of the church property, 400 E. Campbell Ave. and all wishing to dispose of old papers are invited to avail themselves of the disposal bin. Proceeds are used for the youth projects.

MINISTER EXHIBIT

Not to be outdone by Winston Churchill, the Rev. Anthony Wayne Myers of the Congregational Church of Campbell will be exhibiting his paintings during the month of Sept. at the Los Gatos Art Association Gallery.

LEAVING

Mrs. Larry "Lee" Critchlow, Congregational Church of Campbell secretary for 15 years, has tendered her resignation effective Sept. 19. Mrs. Critchlow started her career with Dr. Corwin H. Olds in the old church on Central Ave. She has served under the Rev. Messrs. Cunningham, Clapp, Deditius and Dr. Goldsmith and for the last several years with Rev. Anthony Wayne Myers.

Mrs. Critchlow will be undergoing a period in intensive therapy to relieve injuries suffered in a fall some time ago.

Mrs. Chamberlin entertains beautification judges

Mrs. Dean Chamberlin was the gracious hostess last week at a luncheon given for the six judges of the final Campbell Business Beautification contest and the six local dignitaries, who accompanied the judges on their rounds.

The Chamberlins' Carlyn avenue home was the setting for the luncheon table which featured a beautiful centerpiece of pink roses. Mrs. Chamberlin is historian for the Campbell Country Woman's Club which is assisting with the beautification contest as part of their Community Improvement Project. Members of the club also provided many judges for the preliminary judging.

Announcement of the winners of the contest and finalists will be made during the Campbell Chamber of Commerce luncheon to be held Sept. 25 at the Villa Felice.

Enjoying the luncheon were judges, William W. Hedley, Jr., architect; Thomas Snowden of Snowden-Pencer Company; Richard Dumire, Sunset Magazine; Mrs. Eleanor Vennum, head of the Floriculture department, Santa Clara County Fair; Mrs. Dar Hollen, television station KNTV and George Kukuch, Cambrian nursery architect.

City hosts for the luncheon were Neal Royer, Campbell Chamber of Commerce president; Dean Chamberlin, vice-mayor, City of Campbell; Carl Kuhn, assistant city manager; Mrs. Jean Kennedy, Business Beautification chairman; Lou Ybarra, Chamber of Commerce beautification committeeman and Mrs. Jeanette Watson, Campbell Citizens for Beautification chairman.

Hospital employees "dabble" in spare time

"Original Oils" by three "original" employees of Campbell Community Hospital are a topic of discussion at the hospital these days.

The artists have just recently taken up painting but they have been with Campbell Hospital since it opened six years ago.

Braving the hazards of their first public showing at the Santa Clara City Central Library were Mrs. Ruth Buffington, Campbell, medical records librarian; Mrs. Ruth DeRoy, Santa Clara, operating room supervisor and Mrs. Dorothy Clohan, Cupertino, former night supervisor, currently a nurse for William Murphy, M.D.,

Mrs. Buffington displayed paintings depicting scenes from her childhood in Virginia. Some of her paintings are taken from snapshots and show the old farm houses and barns, the daisy fields and grassy meadows.

Since she considers Buffington too long she signs her paintings "Chelo".

Landscapes and seascapes were presented by Mrs. DeRoy. Having taken painting up as a hobby only two years ago, she now finds herself so engrossed in painting that she sometimes forgets she has to work.

Still life oils and a Polynesian seascape were shown by Mrs. Clohan. She has been painting for just two years also and was inspired by the beauty of a flower in her yard and started dabbling with water colors at first.

Although Mrs. Buffington has been painting a bit longer than Mrs. DeRoy and Mrs. Clohan, they all have taken lessons from Helen Loritz of Campbell.

The artists have on occasion hung their paintings at the hospital. "Our co-workers have always been very kind", Mrs. DeRoy said, "but we wanted to get an unbiased opinion."

Few of the originals were for sale. "You get attached to them if you think they are good ones", they agreed.

PROUD AND HAPPY---Smiling proudly about the paintings which were recently displayed at the Santa Clara Art show are Campbell Community Hospital employees (left to right), Mrs. Ruth Buffington, Campbell; Mrs. Judith DeRoy, Santa Clara and Mrs. Dorothy Clohan.

LAKE MEAD

The useful life of Lake Mead, behind Hoover Dam, is now calculated to be more than 500 years.

SERVICE TO OTHERS---Two Campbell girls, Kristine Gunsky, 2261 Gunar Dr., and Susan Patterson, 5459 Amby Dr., left and center, wait for their awards for Candy Stripers service to the San Jose Hospital and Health Center. Receiving her award here from Mrs. James Fairbanks, chairman of the Candy Striper and Junior Volunteer programs for the San Jose Hospital Auxiliary, is Melba Barreda of San Jose. Miss Patterson also received a 50-hour pin. The awards were given during the auxiliary's recent recognition day program and picnic at Frontier Village.

Favorite recipes from our Campbell readers

With all of the fresh fruit now available in our Campbell area, a recipe for a delicious fruit cobbler that is quick, easy and foolproof is most welcome at this time of year. Is luscious either hot or cold and using peaches, apricots, apples or any combinations. Try it this evening!

FRUIT COBBLER

Melt 1 cube butter or margarine in 12" square or oblong pan. In a 1½ or 2 quart pan, bring to a boil:

4 cups of fruit
½ cup water
2/3 cups sugar

While fruit is coming to boil, mix:

1 cup flour
1 cup sugar
¾ cup milk
2 teaspoons baking powder

After the batter is mixed, pour into pan with the melted butter, add the fruit to the top of batter and bake at once in 350 degree oven 30 minutes or until batter is brown. Can be served with cream, ice cream or just plain, equally delicious.

Thompson to attend Rutgers

Donald E. Thompson, son of Mr. and Mrs. Eugene A. Thompson, of 121 El Caminito Ave., has just completed a tour with the International Science Congres' in Paris, France.

The group made field trips around the vicinity of Strausburg and held seminars in Paris. He is now in England where he has been invited to give a paper at Cambridge, and also one at the University of Edinborough.

He will resume his studies at Rutgers University this fall where he is working towards his Doctorate in Paleoecology. He is a graduate of Campbell High School.

DANCE GROUP

Valley Creative Dance Group is now accepting registrations in all classes from three years through fourth grade, plus an adult class. This non-profit cooperative dance group has offered classes in creative dance to area children and adults for 11 years.

Classes are held on Mondays at the Cambrian Youth Center at Bascom and Union Avenues beginning Sept. 22. For further information call 377-3627 or 371-2285.

Campbell Corners

By Cindy Harris

The summer is a memory now as it fades into fall and the activities of school. One of my activities this year will be keeping you informed of the things going on throughout the year at Campbell High.

I have lived in our vast metropolis all my life, and I am now currently employed as a part time senior at Campbell and part time salesgirl at House of Fabrics in Westgate. I've taken two years of journalism in high school and plan to become a journalism major in college.

My main interests in being Campbell's reporter is to gain the experience that this activity offers and also, to make sure no one has an excuse for not knowing what's happening.

The first thing I want to do is tune you in to student body cards. They are being sold by council members and at the Treasure Chest for $8. This may seem expensive, but the money from the sales makes up the source of money for commissions, clubs, athletic equipment and other school functions.

As a commissioner, I would like to urge you to join those clubs and commissions and get involved in your school.

FRITZ is coming to Campbell on Sept. 19. It/they are the band to play at Campbell's first dance to be held in the cafeteria from 8 to 11. We have a good band for this dance and are hoping for a large turnout. Buy your student body card and get into the dance at a reduced rate.

Campbell is on the ball again this year, and I do mean the football. The guys have been looking good in practice and the spirit is high. We are striving for another year of holding our record and of being NUMBER ONE.

The first Frosh/Soph game will be held on Thursday, Sept. 25, on the Campbell turf against Lincoln. The varsity team will follow on Friday, the 26th, against Lincoln, on Lincoln's field. Come out and support your teams.

High School News

Westmont Whirl

By Linda Hall

AUTOBIOGRAPHY LINDA HALL

As a senior at Westmont High School I am living the world of first page editor on the Shield staff.

My eighth-grade wonder was how and the five W's is a newspaper published. This being my second year in journalism I have learned how a paper is put together. I am now enjoying all the hard work and hectic worry of deadlines from this mass media.

Journalism does not interest me as a career. I am looking forward to college and hope to teach the grade school levels afterwards.

Two U. S. Marine helicopters from Gilroy were expected to land on the Westmont campus Sept. 12. Due to fog in Gilroy, however, they were not able to take off.

It was sad to watch all of Westmont charging to the baseball diamonds in urgent anticipation when a helicopter circled overhead and flew away.

Prospect Pulse

by Ivalee Ingraham

AUTOBIOGRAPHY OF IVALEE INGRAHAM

I was born in Dallas, Texas on Dec. 19, 1952. My family lived in Dallas until I was three.

My father was a chief engineer for a radio station, and got transferred to Milwaukee, Wisconsin. We lived there for nine years, and after I had completed sixth grade my family moved again.

This time it was to Orangevale, California, which is outside of Sacramento. I went to 7th and 8th grade here and then we moved to Campbell.

I went to Westmont High School for two years. When Prospect was built, I went there.

I am now a senior at Prospect. I enjoy sports, drama and music as my outside activities, and I'm a bell girl in the marching band.

One of my favorite classes is Journalism, and I am managing editor of our school paper.

***

Prospect started its second school year Sept. 10 with an assembly held in the plaza. Student Body President Steve Shoemaker welcomed new and old students. Mr. Verdun P. Romer, principal, also made a speech of welcome.

Prospect's first Varsity football game of the year will be held Sept. 19 at Prospect at 3:30. It will be against Soquel. This will be the first Varsity game ever played at home because there were no seats in the stadium last year.

Boosting Prospect's spirit for its second year will be the varsity cheerleaders Gayle Nelson, head; Lori Coopman, Nina Neely, Debbie Handleman and Chris Burnside. New Frosh-Soph cheerleaders are Nancy Glass, Marcy Hunt and Nancy Witnauer.

Dancing at all games will be the song girls Lucy Arii, head; Kit Buckles, Elaine Anderson, Jayne Palmquist, Sherrie Reinecke and Janelle Ruick.

Northern Ireland is the home of Prospect's foreign exchange student Judith Caldwell. She is staying with the Kathy Mundwyler family.

Elections will be held soon for one freshman, one sophomore and one junior representative to the Student Council.

ARMOR RUSTS

Armor was abandoned in the 17th century and the first regular military uniforms made their appearance.

In the current wave of anti-militarism, many established military traditions are certain to be changed. One of the first will probably be a major revision of the Uniform Code of Military Justice.

A number of years ago I was privileged to serve as a member of a special subcommittee dealing with military discharges. In the course of the committee's deliberations, I came across hundreds of pitiful cases where young GI's had committed a foolish and immature act which brought them an undesirable discharge from the military service. Later, after years of exemplary conduct, these men often were unable to gain decent jobs to support their families and live normal law-abiding lives. The stigma of a dishonorable discharge on an application form was simply too much to overcome.

Our committee tried unsuccessfully to create another type of discharge which could be earned through exemplary conduct in civilian life and which would be less onerous than "dishonorable". The military establishment, bitterly fought us, claiming that the Uniform Code of Military Justice and its discharge system were essential to military discipline.

It should be admitted that military discipline often means the difference between life and death on the battlefield. As one colonel stated, "The payoff is in combat, and if a soldier can stand and equivocate on the field of battle as to whether an order is in fact within his constitutional rights, that man is not going to move forward in battle".

However, in today's permissive society where new principles of justice allow some men to flaunt the selective service laws while others serve in the armed forces; where violent demonstrations against our national policy are allowed while the same privilege is denied the citizen in uniform, I do not blame the young GI who resents this dual standard of justice. To him the military discipline argument is not impressive.

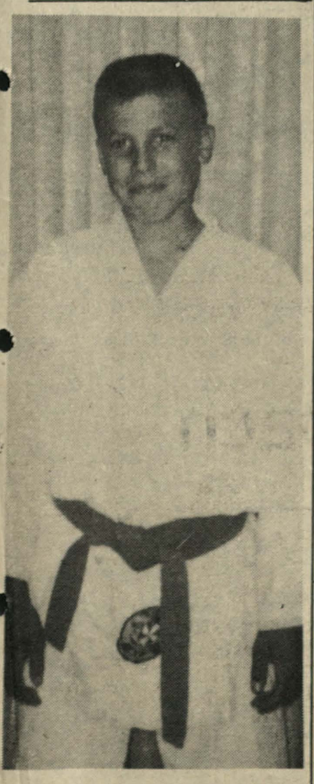
It is my personal view that because we have not had a voluntary military force since before World War II and the Selective Service System has been with us without interruption, we cannot expect to maintain the same old code of military justice. To do so would ignore changed attitudes toward law and the courts which civilian draftees now view as traditional.

Military justice, from my experience, has been effective in dealing with punishment for normal civilian crimes, but when it comes to a crime which upsets military tradition, there is serious room for doubt.

To sum up the defects, I believe there is much too great a power vested in a commanding officer. Only he can indict and a grand jury, as guaranteed by the Bill of Rights, is non-existent. He names and convenes the court at his own discretion and he names the presiding officer, as well as the prosecution and defense attorneys.

Finally, he personally reviews the decision made by that court. Obviously, this is a situation where justice could be corrupted by the whims and the prejudices of a high command.

The Uniform Code of Military Justice should not be sacrosanct. It can be improved to allow basic constitutional rights and still promote military discipline. Perhaps a proper code lies somewhere between civilian and military concepts of jurisprudence. Finding that point is one of today's urgencies!



JUDO EXPERT--Tom Glage, 12 year old Campbell youth, placed second in the Junior Olympic AAW Judo championships held at Sacramento Aug. 24. Tom won seven matches and lost 1 by a decision. The son of Mr. and Mrs. Thomas Glage, 1640 Westmont Ave., Tom attends San Tomas school.

Tom placed fifth in the national junior championships held at Detroit and was nominated last year for the Outstanding Junior Judoist of Northern California and plans to try for the Olympic Judo team in eight more years.

Tom has been taking judo lessons for approximately two and a half years.

COMPLETES COURSE

Private First Class Robert L. Slaughterbeck, 20, son of Mr. and Mrs. Jame L. Slaughterbeck, 15 Hunt Way, Campbell, recently completed the Pershing missile electrical mechanical repairman course at the U. S. Army Missile and Munitions Center and School, Redstone Arsenal, Ala.

ROBIN HOOD

The earliest known printed reference to Robin Hood was a mention in a poem that appeared about 1377.

RESOLUTION NO. 2718
BEING A RESOLUTION AND NOTICE OF INTENTION TO ANNEX CERTAIN UNINHABITED TERRITORY CONTIGUOUS TO CITY OF CAMPBELL DESIGNATED AS McGLINCEY 1969-6 ANNEXATION TO CITY OF CAMPBELL, AND FIXING TIME AND PLACE OF HEARING PURSUANT TO PROVISIONS OF ANNEXATION OF UNINHABITED TERRITORY ACT OF 1939, AS AMENDED.

WHEREAS, the City Council of City of Campbell has received a written petition from the owners of not less than one-fourth (1/4) of the area and of the assessed value of certain contiguous uninhabited territory, according to the last preceding equalized assessment roll of the County of Santa Clara, State of California, in which such territory is situated; and,

WHEREAS, said petition requests the annexation of said uninhabited territory as defined in the Government Code of California, a municipal corporation; and,

WHEREAS, the proposal for the annexation of said uninhabited territory to the City of Campbell has been submitted to the Boundary Commission of the County of Santa Clara, State of California, and that the boundaries thereof have been approved and certified as to their correctness by said Boundary Commission; and

WHEREAS, the City Council finds and determines that it is for the best interest and general welfare of the people of the City of Campbell that said property referred to and hereinafter particularly described, be annexed to the City of Campbell;

WHEREAS, the City Council desires to designate said annexation as McGlincey 1969-6 Annexation to the City of Campbell as the approximate name by which said annexation shall hereafter be referred; and

WHEREAS, the City Council desires to annex the said territory to the City of Campbell, California; and

WHEREAS, there has been compliance with all other statutory requirements provided by the "Annexation of Uninhabited Territory Act of 1939", as amended,

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Campbell that it is intention to annex to said City pursuant to the provisions of the Annexation of Uninhabited Territory Act of 1939, as amended, the territory commonly known and designated as McGlincey 1969-6 Annexation to the City of Campbell, the description of which is set forth in Exhibit "A" entitled "Description for McGlincey 1969-6 Annexation to the City of Campbell", which is attached hereto and made a part hereof.

BE IT FURTHER RESOLVED, AND NOTICE IS HEREBY GIVEN, that TUESDAY the 14th day of OCTOBER, 1969 at 8:00 P.M. of said day at the Council Chambers of City of Campbell, in the City Hall, 75 North Central Avenue in City of Campbell, are hereby fixed as the time and place for the hearing of written protests and objections to the said proposed annexation, which said protests shall state the names of all of the owners of the property affected, and the description and area of the property in general terms; and

BE IT FURTHER RESOLVED that a copy of the Resolution and Notice be published once a week for two successive weeks in the Campbell Press, a newspaper of general circulation, published in said City, and once a week for two successive weeks, in the West Valley Times, a newspaper of general circulation, published in the County of Santa Clara, California, and that the City Clerk forthwith mail a written notice of the proposed annexation to each person to whom land within the territory proposed to be annexed is assessed in the last equalized county assessment roll or as known to said Clerk and to any person who has filed his name and address of the lands in which he has any interest, either legal or equitable with said Clerk.

PASSED AND ADOPTED this eighth day of September, 1969, by the following vote:
AYES: Councilmen: Chamberlin, Doetsch, Rogers, Hyde
NOES: Councilmen: None
ABSENT: Smeed
APPROVED: Homer H. Hyde., Mayor
ATTEST: Dorothy Trevethan, City Clerk.

EXHIBIT "A"
PROPOSED ANNEXATION
MCGLINCEY 1969-6

Girl Scouts

BY NAN WARREN

Happiness is...being allowed to hold our Girl Scout summer Day Camp programs at our various county parks and the wonderful help from the great Rangers who supervise them!

The Girl Scout Council, Camp Directors, Unit Leaders and the girls themselves have the highest praise and gratitude for these devoted men. They work long hours maintaining our parks and yet find the time to help us. Vasona's head ranger, Henry Gilmeister and Red Bell found time to take many units on Nature hikes.

Other rangers helped to remove trash, found by the girls in their clean-up campaigns, that was far too heavy for them to carry.

During all the Girl Scout Day Camps, we've had litter campaigns – hoping in some small way these girls will be helping. Perhaps a week of concentrated effort will lighten the work load for the rangers and instill in the minds of these young kids just how unnecessary litter really is.

If happiness is helping – the Vasona Park Rangers must be a happy lot. We salute them – they really are the GREATEST!

****

Another group that knocks themselves out by coming to the aid of the Camp Director and her staff, is a group of girls called CREW. These girls, comprised of Cadette and Senior aged Scouts, give up their time at the beaches or local swimming pools to share their camping skills with younger Scouts. They aid the unit leaders as extra "hands" so very necessary in craft projects, cooking, ice cream making, plus of course, knife safety and numerous outdoor skills sometimes unfamilar to the volunteer mothers helping with these camps.

Many of these girls work more than one camp in their area. They are a "giving group". The initials CREW mean – Cadettes Ready – Ever Willing – and that's exactly what these girls are. No task is too small – no obstacle too large. They sing, they share, they give of themselves to make a camp fun for everyone. What would we ever do without them!

CREWS ENTERTAIN--One of the many jobs that members of the CREWS, Senior Girl Scouts and Cadette Scouts, did over the summer, was entertaining the Day Camp Scouters with music and song. Above a member plays for interested listeners.

RENT YOUR EQUIPMENT--The United Rent-All, 1565 Winchester Blvd. now has all types of equipment for rent. Bob Tellesen is the new owner of the rental equipment establishment.

United Rent-All supplies all needs

Campbell is now the home of one of the country's most unique service businesses. United Rent-All, 1565 Winchester Blvd., features a line of party supplies, garden tools household maintenance items and sickroom needs, all for rent at very nominal prices.

Bob Tellesen, United Rent-All franchise owner, says the rental way of life is opening new vistas to thousands of families every day throughout the country.

"Smart homemakers no longer have to scrimp and save to buy an item which is used only occasionally around the house", he said, "when they need something to make life a little more pleasant, they simply go out and rent it for the time it is actually needed.

"This way, the family has more discretionary dollars to spend on other things. Storage of seldom-used items is no longer a problem. And, each time an item is rented from United Rent-All, it is a first quality piece of equipment, in top-operating condition."

Tellesen, a former Service Manager for National Cash Register Co. for 22 years, became fascinated with the rental service idea late last year. He decided to become affiliated with the United Rent-All organization. He attended an intensive course of instruction at the company's headquarters and, subsequently, underwent on-the-job training in an operating United Rent-All unit.

"People ask for guidance and help on how to operate our equipment, they want advice on planning their projects, parties and what-have-you. That's what we are here for, to supply a service that just can't be found anyplace else", Tellesen maintained.

Tellesen has the equipment for redecorating a house efficiently and economically, both from the standpoint of labor and expense. There are power floor sanders, machines that actually steam off wallpaper, rug shampooers, paint removers and sprayers.

Then, when the redecorating is done, you can celebrate by holding a party and rent the fancy place settings, a champagne fountain, extra glasses; even candelabra; by calling 378-4550.

Out of town guests can be put up with a rented quality line of extra beds, cribs and other items to accommodate guests, either the expected or the surprise kind.

Sporting goods and camping equipment are other rentable items.

To get a good look at the wonderful world of rentals, drop by Bob Tellesen's United Rent-All Mart at 1565 Winchester Blvd. and ask for a guided tour.

Obituaries

RONALD BERMUDES

Funeral services were held Saturday for Ronald John Bermudes, 22, who was killed last week in an auto accident on Highway 17. The son of Mr. and Mrs. Joseph A. Bermudes of 1410 White Oaks Ave., the young man was on leave from the Army following a tour of duty in Vietnam.

Also surviving are two brothers, Richard Bermudes of Scotts Valley and Joseph Bermudes of Sunnyvale and a sister, Mrs. Dolores Bettencourt of Weed. A native of San Jose, he was also the uncle of many nieces and nephews.

The Rosary was recited from the Harmon A. Smith Funeral Home, Santa Clara, with Requiem Mass from St. Clare's Church. Interment was in the Santa Clara Catholic Cemetery.

CURTAIL

The word curtail is from "curtal" meaning "a horse with his tail cut short".

Frank's Shoe Repair installs new machinery

Mrs. Margaret Scorpiniti, owner and manager of Frank's Minute Man, 238 E. Campbell Ave. is very thrilled with the new Landis Finisher just installed in the shoe repair store.

Mrs. Scorpiniti, who has been managing the shop herself since the death of her husband, Frank, 14 months ago, said that she believed the new machinery represented the most modern shoe repair equipment available in Campbell. The new Landis trims, sands off shoes, and finishes the shoe for polishing and shining.

Operating the new machine, as well as the other complete shoe repair equipment, is Charles Pignataro, Frank's nephew who has been associated with Frank's for many years and was trained by Frank before his death.

The shoe repair shop does more than just shoes. Shoe dying, luggage and handbag repairing, new handles and converting dress shoes to golf shoes, have proved to be popular items. The shop can also install zippers on camera cases or other leather items.

New pastor at Neighborhood

The Rev. C. Edward Gustafson has recently become pastor of Valley Neighborhood Church, 2275 Camden Ave., San Jose.

Rev. Gustafson is a graduate of the Nyack Missionary College.

Rev. and Mrs. Gustafson are parents of two children. Their daughter, Darlene, is a student at West Valley College, and their son, Jim, has recently graduated from Fuller Seminary, and plans to become a missionary.

Rev. Gustafson extends an invitation to attend services at Valley Neighborhood Church. Sunday school begins at 9:30 a.m., the morning worship service at 10:45, and the evening service at 7 o'clock.

TO LECTURE

Tickets for a lecture by syndicated columnist Frank Mankiewicz at West Valley College Sept. 23 will be available after Sept. 15, and may be obtained through the Office of Community Services, located at 44 E. Latimer Ave., Campbell, room L-26.

Mankiewicz, 45, press secretary to the late Sen. Robert Kennedy, will speak on life "Inside Washington" during a scheduled two-hour appearance at the Campbell campus of the college.

Further information on the 8 p.m. lecture can be obtained by calling the Office of Community Services at 379-1733, ext. 58.

Lee Bros. sale rates as largest in state involving independents

Apparently in this day of "conglomerates" and retail giants, there is still room for the independent operator.

A resident of San Jose and one from Atherton head a group of retailer-owned food distributors that have acquired a major portion of Lee Bros. Stores for a reported $2 million. This is the largest transaction in California involving independent owners.

Roger K. Godfrey, a resident of Atherton and Harry Vanderpriem of San Jose, will now operate the stores as Key Markets in Burlingame, Belmont, San Carlos, Menlo Park, Los Gatos, Mountain View, Campbell, San Jose and Redwood City. First year sales for the new operation are projected at $20 million.

Prior to the purchase which was negotiated through Associated Food Stores, Inc. with Northern California regional offices in Union City, the Lee Bros. Stores had been operating in receivorship for a number of years.

The Godfrey bid was finally accepted by the creditors committee, partially on the strength that the individual owners in the Associated group would maintain control and that there would be no change in store personnel.

According to Godfrey the new Key Market stores will be "top quality" throughout. Meats will be only of U. S. Choice and Prime quality, with special cut-to-order customer service. Produce will be of the extra fancy variety, with a good selection of exotic fruits and vegetables not usually found in suburban markets.

Major national brands will be featured in all food and non-food lines, including a complete selection of health and beauty aids, and a fully-stocked housewares section. Each store will also have a complete delicatessen "fast food" product assortment.

In addition Key Markets will offer a pricing structure that is competitive with the larger chains in the area, along with friendly personalized service by the owner-operators.

The two principals are veterans of the food business. Godfrey is a native of Milwaukee, Wisconsin and holds a Masters Degree in business administration from Stanford University.

After 10 years with high-volume chain stores, he headed a group that took over management of Rory's Markets in 1963. Volume and profit increased in a short time, and led to the opening of the first Key Market in Redwood City four years later.

He lives at 54 Serrano Dr. in Atherton. His wife, Patricia, is a practicing attorney with a San Francisco firm.

Vanderpriem has nearly 30 years experience in the meat business, including several at the wholesale level. He operated his own successful shop in San Francisco for 10 years prior to the opening of Rory's Market and introduced many innovations to that store's high volume meat operation.

He is a native of New York City and studied at Duquesne University in Pittsburgh, Pennsylvania. He and his family (two children) live at 1964 Montemar Way in San Jose.

HEADS FOOD STORES—Roger K. Godfrey, (right) an independent food retailer from Atherton, overnight became a multi-store chain operator, with the acquisition of a major portion of Lee Bros. Stores by Associated Foods Stores, Inc., including the outlet in Campbell.

The independent group of retailer-owned wholesale food distributors acquired the stores for an estimated $2 million, according to Clarence Sharp (left), division manager of Associated Foods.

Here they review advertising plans for the new stores to be known as Key Markets in Campbell and in Burlingame, Belmont, San Carlos, Menlo Park, Los Gatos, Mountain View, San Jose and Redwood City. This is the largest transaction in California involving independent owners. The emphasis in the new Key Market stores will be on "top quality" and competitive prices.

RECEIVES MEDAL--Robert L. Gammon has been awarded the air medal for meritorious service in participating in over 25 aerial missions over Vietnam. Spec. 4 Gammon is attached to the 14th Infantry and has been in Vietnam six months.

A Campbell High School graduate, the young man is the son of Mr. and Mrs. Bruce Gammon of 69 N. Milton. He entered the service in August, 1968.

Del Mar questionaire reveals strict dress code need

Parents of students attending Del Mar High School were emphatic that a strict dress standard should be maintained for all students, as well as teachers, attending Del Mar High School.

A questionnaire concerning dress and grooming codes was mailed to a total of 1306 families with 763, or 59.2%, returned. The questionnaires, signed by the parents, came out strongly with 94% voting for a need for definite guide lines regarding the dress and grooming of Del Mar girls and 94% for a code for the boys.

Voting positively no were 85% of the parents who were not in favor of boys wearing Bermuda shorts to classes in school, but felt they should be allowed to wear them for after school activities. Limits should be set on the length a boy wears his hair according to 92%, while 88% felt that limits should be set on the length and appearance of sideburns, and 88% voted against allowing mustaches and beards in school.

Girls came in for an equal amount of criticism with most questionnaires stating that dresses are too short, pant dresses should be allowed (70%), and that girls should be allowed to wear slacks to sports events.

A definite relationship between the appearance of a student and job he or she does in school is seen by 85% of the parents, while many parents stated that "You can't have order without discipline. All of our lives we have to conform to rules, so young people must not think they can run everything".

Seventy-three questionnaires also added that the women teachers' dresses were too short and men teachers should not be allowed to wear beards.

HURRICANE AID

Airman Stephanie A. Nicholson, daughter of Mrs. Patricia J. Parkhurst of 949 Jean Dr. Campbell, is among the thousands of personnel from Keesler AFB, Miss., who have joined the massive effort to help nearby communities recover from the devastation of Hurricane Camille.

She is a graduate of Campbell High School and attended West Valley College.

Letters to the Editor

THANK YOU NOTE

Dear George:

We were highly impressed with the article written by Mrs. Clever in regards to the 60th wedding anniversary of Mr. and Mrs. Tony Yerkovich.

Mrs. Clever wrote a sensitive, charming article which will be treasured by all of us. We appreciate the fact that the Campbell Press will take the time and effort to publicize an event such as this.

On behalf of all the family may I say sincerely, Thank You!

Mrs. Courtland Watson
(Jeanette)
61 Catalpa Lane

FOR FAMILY LIFE

Dear Editor:

I wish to express my support for the program of Family Life Education (including sex education at various levels of the elementary years) being presented to the Campbell Elementary School Board for inclusion in the total curriculum. As a pastor I am appalled by the vast ignorance which prevails in the total area of preparation for adult family life. It seems to me that the program being tested in our local schools (whose outline and pilot study I have studied) cannot help but aid both parents and other moral instructors in their God-given task.

We need to strengthen the family from every source, and I find no conflict in providing relevant education in family living in the public schools. Such a program augments the moral values common to our Judeo-Christian religious heritage.

Anthony Wayne Myers,
Minister
Congregational Church
of Campbell, U.C.C.

State allocates highway tax

State Controller Houston I. Flournoy has announced the distribution of $54,281,988 among the State, cities and counties as the July apportionment of highway users taxes and $58,627,382 in August.

Santa Clara County's share was $599,456.74, and Campbell City's share was $22,209.12 in July and $622,714.90 and $17,771.53 in August, respectively.

A total of $13,853,503 went directly to the counties; $11,837,728 to cities; and $28,590,757 for expenditures on state highways.

The total was derived from the following sources: gasoline taxes, $49,872,896; diesel fuel tax, $2,979,375; by transfer from the Motor Vehicle Transportation Tax Fund, $1,428,542, and the balance from miscellaneous sources.

FINANCE

San Francisco is the second most important financial center in the United States.

City gets share of smokers' tax

State Controller Houston I. Flournoy has announced the distribution of $6,981,563 to counties and cities as the July apportionment of cigarette tax and $34,682.39 in August.

Santa Clara County's share was $46,733.88, and Campbell City's share was $9,732.44 in July and $34,689.39 and $7,188.32 in August, respectively.

This amount represents 30 percent of the revenue deposited in the Cigarette Tax Fund during the month of July 1969. The Counties' share was $1,291,392 and the cities' share was $5,690,171.

Stero tape decks stolen from parked cars

Stereo tape decks were the target of thieves during the last week, with nine being stolen from parked cars. Four thefts were reported from the Campbell High School parking lot, and John Morgan, Campbell Police Chief, warned that cars left in the parking lots should be locked.

Even cars in private driveways were not immune to the stereo thief as residents of 361 Dunster Drive found out. A stereo deck valued at $75 was taken from the car after the window was smashed to obtain entry.

Douglas Montgomery left his locked car at the Hamilton Plaza Shopping Center and returned approximately 15 minutes later to find that clothing valued at $678 and $137 currency plus his tape deck was stolen.

A mean thief stole a car battery from a car parked at 472 Kenneth Ave. while Kay Iida suffered a more serious loss when he found crated vegetables valued at nearly $500 had been stolen from his vegetable stand located on West Campbell Ave.

Crated tomatoes valued at $287, 20 crates of corn, beans, cucumbers, squash and bell peppers were all missing when Iida went to open his stand Sept. 12.

A small person slipped through a 10" hole in the roof of the Campbell Moose Lodge, 785 McGlincey Lane and made off with a case of Old Crow whiskey and cash.

BEER

The per capita consumption of beer in this country is 15.89 gallons per person a year.

A pleasant association

The difference among S & L's is the service they offer. Everything else is much the same. Colonial has a heritage of service. Our name is a reminder of the days when there were town halls and villages... and you did business with people you knew and trusted. All Colonial offices are dedicated to their communities. Most have been a part of their towns and neighborhoods for many years so the people they serve are friends, not customers...and never numbers. Colonial, you see, believes that there is at least one thing more important than the fact it pays the highest interest on insured savings paid day-in to day-out. And that's upholding its reputation for being a pleasant association.

Colonial Savings and Loan Association

SPECIAL GRAND-OPENING OFFER...

Rent anything in our new store for

1 dollar

*All equipment available for $1.00 for minimum time use period due to supply and demand.

Yes, you read the headline right. Now through Sunday, you can rent anything in our new store, and pay only one dollar.

We're new in town and we want you to know about us. You'll find we're a big help when you want those practical items you occasionally need in your home, but don't care to purchase and store.

Here at United is a rental supermarket of all those things you may need for parties, for the sickroom, for exercising, camping, gardening and bringing up baby.

Tools are a United specialty ... power tools, plumbers' tools, painters' tools, construction tools. We even have tools you may never have heard of. Post hole augers, sump pumps, fence stretchers and oscillating sanders. How do those grab you, do-it-yourselfers?

Some of the items are one-of-a-kind, so the sooner you come in this week, the better.

You may get a bright idea for a new home project or that big party you're planning. Browse around and take your pick. Yes, we have those, too.

Sorry, no deliveries during this special offer. Normal delivery service thereafter. Offer expires

Record number enroll at two West Valley College campuses

A record number of students returned to West Valley College this fall and to accommodate the 8,743 students new facilities were opened at the Saratoga campus to supplement the heavily-loaded Campbell campus.

The math and science complex will provide 11 new classrooms, 10 new laboratories and three large lecture halls for the record number of students. A science museum and planetarium is adjacent to the building. The planetarium has a fixed seating of 75 and is capable of simulation of all movements and positions of the stars, planets, the earth and other astronomical displays.

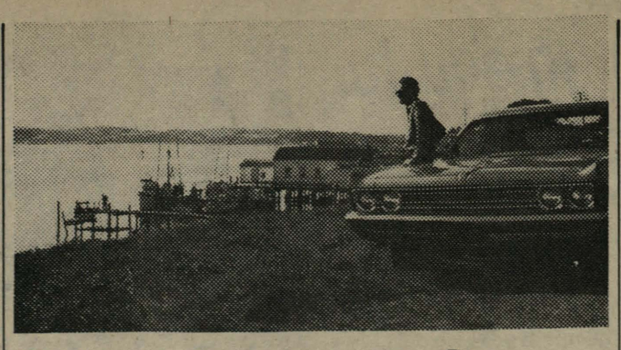
The structure is the newest addition to the college. The engineering-technology building opened last fall, and plans are now underway for construction of a language arts-social science building to be completed by the fall of 1971.

Future plans for the Saratoga campus, scheduled for completion in 1972-73, include facilities for humanities-fine arts, business administration, physical education, a warehouse and library.

Expanded facilities are continually needed for the ever increasing number of students. Between 40-45 per cent of the classes this fall are being conducted at Saratoga. Most of the college's vocational programs are in operation there now.

One worry the students have had about lunching facilities at the Saratoga campus has been partially alleviated this year with the opening of a small snack bar in the temporary quarters of the student union. As in the past, vending machines also will be available, to provide lunch for the large number of students.

Formal dedication of the new campus will take place in the latter part of October.



Highway along ocean in Sonoma County provides varied scenery

Along ocean hugging Highway One in Sonoma County there is a stretch of ten miles probably unequaled anywhere in the rest of the state. This stretch of roadway includes rocky shores, peaceful fishing villages, sand dunes and beaches, the pounding Pacific surf and a rushing river.

From Bodega Bay to Jenner the traveler can see and enjoy all of this and take time out for a picnic or stay overnight at Sonoma Coast State Beach. Bodega Bay is about 60 miles north of San Francisco, says the California State Automobile Association, and was once part of Ranchos Bodega, 35,000 acres which the Mexican General Vallejo ceded to to check the expansion of the Russian colonists. Now, it is a commercial and sport fishing center with more fishing boats operating out of its small harbor than out of San Francisco and its docks are full of activity when the boats come in with their catch.

Doran Park, a long narrow sandspit that curves out into Bodega Bay to form the southern barrier of Bodega Lagoon, is a place to walk the miles of sand dunes and to gaze at Bodega Head's dark granite hulk, the white fishing boats bouncing in the harbor, and the narrow, swift channel that is the only entrance to the lagoon. A campground is near the channel and is ideal for trailers, but windy for tenters.

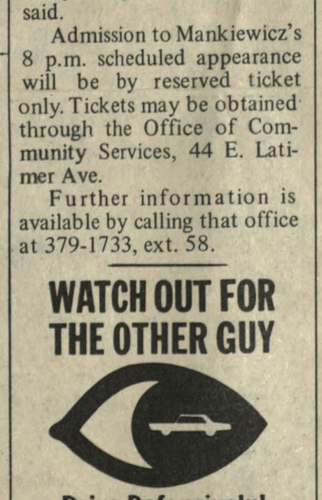
At the north end of town a paved road leads off to the left and about three miles to the tip of Bodega Head. The treeless promontory is often blasted by cold winds, and the hiking here is exhilarating. Bodega Head is shaped roughly like a question mark and just to the north and seaward side is Horseshoe Cove which provides a rare panorama of curving beach, surf and sea.

The Sonoma Coast State Beach headquarters is at Salmon Creek. The beach here is over 7,000 feet long and is divided by Salmon Creek. This popular day use area is excellent for surf fishing, wading, beach hiking and beachcombing. Swimming along the coast is far too treacherous because of the surf.

Going farther north you won't lose sight of the ocean until you are almost at Jenner where the highway cuts inland to Bridgehaven where it crosses the Russian River.

Before you reach Bridgehaven, and if you want to spend the night, there is a nice campground at Wright's Beach.

But perhaps the best area in the park is Goat Rock Beach at the mouth of the Russian River. The road to Goat Rock leads down from



FRANK MANKIEWICZ

Noted syndicated columnist to speak at college on sept. 23

Noted syndicated columnist Frank Mankiewicz, who served as press secretary to the late Sen. Robert Kennedy, will make a two-hour appearance at West Valley College Sept. 23.

Mankiewicz will offer an inside look at life in Washington during his appearance at the Campbell campus auditorium. In addition to his column, Mankiewicz is also a political commentator for the Group W Broadcasting Co.

Of his former boss, Mankiewicz has said, "the appeal of Robert Kennedy to the American electorate, as the appeal of John Lindsay, George Wallace, Eugene McCarthy and Ronald Reagan, lies not in the fact that they are Democrats or Republicans, liberals or conservatives, hawks or doves – many of them don't even know – but that they appear as enemies of the established order, as non - or even anti-politicians who care deeply about the way things are, and want to change them. In this case, the message is the medium, and we should be listening to it. A lot of people are."

Prior to his two-year stint with Kennedy, Mankiewicz served as a Peace Corps official - first, in 1961, as director of the program in Peru for two years, then as regional director for all Latin American programs of the agency.

Mankiewicz, 45, received his bachelor's degree from the University of California at Los Angeles in 1947, his master's degree from Columbia in 1948, and his law degree from the University of California at Berkeley in 1955.

Mankiewicz also attended last year's Democratic Convention in Chicago, this time as a delegate from California and as key aide to Sen. George McGovern (D.-S.D.) "I was lucky to get out alive," he said.

Admission to Mankiewicz's 8 p.m. scheduled appearance will be by reserved ticket only. Tickets may be obtained through the Office of Community Services, 44 E. Latimer Ave.

Further information is available by calling that office at 379-1733, ext. 58.

Drive Defensively!

San Jose State begins classes for fall semester on Sept. 22

Entering the Age of the Computer has been a struggle for officials of San Jose State College as they survey the problems in the newly instituted computerized registration program for the fall semester which opens September 22.

Designated the pioneer project for northern California State Colleges in computerized admissions and registration, SJSC embarked on the new system last spring after becoming the computer center for the northern State Colleges. The program, named SCARS for State Colleges Admissions, Registration and Scheduling system, calls for pre-registration, pre-payment of fees, and individual class schedules for students run through the computer.

"We have had a series of setbacks, including the late installation of the computer, lack of programmers and other technical staff, and a shortage of funds for the entire project", laments John C. Montgomery, SJSC director of admissions and records.

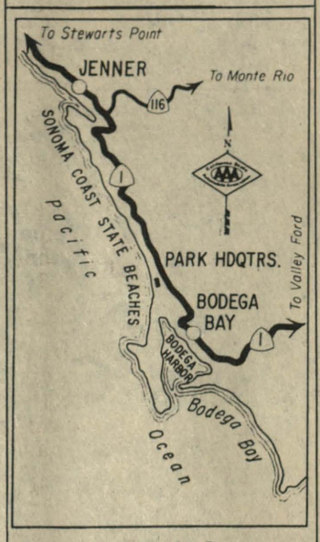
"Because of the time factor, which we were aware of when we decided to push the project for this fall semester, we will have only one chance to have an accurate run from the computer."

Montgomery indicates that the present computer run includes 75 per cent of the expected 24,000 students. He points out that the experience of other colleges shows this figure is comparable to the 80 per cent they obtain on their computerized registration after several years of experience in the program.

"If it had not been for the many long hours put in by our student workers and computer personnel from local industry, we would never be this far along", concludes Montgomery.

Mailing of individual schedules began today, and barring unforeseen equipment problems should be completed befor the weekend. Although college officials recognize that the mailing may miss some students who will be enroute to the campus they feel the majority will receive their schedules before arriving on campus. Students who do not receive their schedules may pick them up on campus, Sept. 17.

Provisions have also been made for a special registration this Wednesday afternoon (Sept. 17), of those students who were unable to be scheduled. Students wishing to add or drop classes will be able to do so on Thursday and Friday, Sept. 18 and 19.

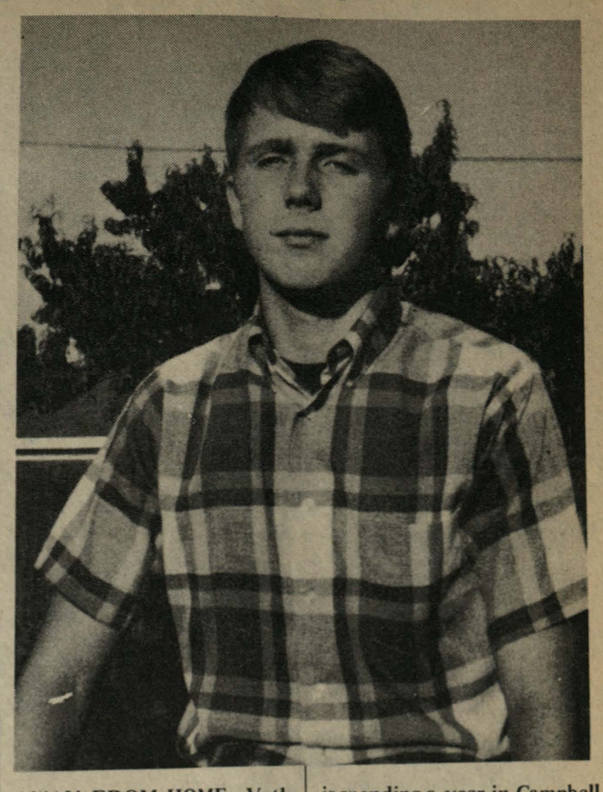


State Route 1. It passes through sheep-trimmed fields studded with dark rocks like the gravestones of giants. At the end of the road is a beach of untamed splendor; the ocean pounds one side of it and the Russian River rushes past the other, its journey to the sea almost over.

Offshore huge rocks sit in the water, like afterthoughts of the continent. The dunes are strewn with grotesque chunks of driftwood and shimmering beach grasses.

Back on Highway 1, you cross the Russian River and by turning left at the other end you'll reach Jenner, clinging to its hillside. You'll find this area particularly jumping when winter steelhead are running.

If you like scenery, and the type of outdoor activity that the northern California coast offers, you'll return again and again to these ten special miles.



AWAY FROM HOME---Vetle Rohde, from Hovik, Norway, is spending a year in Campbell as an exchange student.

Exchange student from Norway enjoys Campbell schools, people

Vetle Rohde, 17 year old resident of Hovik, Norway, is spending a year in Campbell, California, as a member of the Youth for Understanding exchange program. Vetle, a six foot, blue-eyed blond, has been in Campbell for three weeks, and while here is making his home with Mr. and Mrs. William McLain of 401 Queens Court.

During his year in Campbell, Vetle is attending Campbell High School as a senior, and is "cramming" as many history and English subjects as he can into the year. He will be attending high school for two more years when he returns to Norway, and then plans to continue his studies at Oslo University, planning on being a veterinarian. Mrs. McLain reports that he speaks English very well, and has adjusted rapidly to his new surroundings.

So far he reports that he has found Americans as being "very informal, and very friendly". The McLains have already taken him on a tour of San Francisco, Monterey, Carmel, surfing at Santa Cruz, and generally exploring the new world in which he is now living.

Vetle is reportedly amazed at the high prices for everything, and also finds our weather much warmer than what he is accustomed to. However, his wardrobe is very "Americanized" and he even arrived with Levi's, purchased in Oslo, which were made in San Francisco.

The McLains have three children of their own; David, a senior at Campbell: Kent, a junior at University of California at Santa Barbara and Cathy who will be attending as a freshman at the Santa Barbara campus. McLain is the manager of the Liberty Mutual Insurance Company in San Jose while Mrs. McLain serves as school secretary at Capri School.

Vetle is the son of Mr. and Mrs. B. Rohde of Hovik, Norway. He has a 19 year old brother attending the Oslo university and a 10 year old sister waiting for his letters at home.

Santa Clara County adopts plan to treat mentally ill

The advent of the new Lanterman-Petris-Short Act in the treatment of Santa Clara County's mentally ill is based on the adoption of a new county plan for such treatment.

One of the requirements of the new law is that each county must adopt and file such a plan with the State Department of Mental Hygiene.

Santa Clara County's plan was adopted last year by the Board of Supervisors on the recommendation of the County Health Department.

The plan designates specific "in the community" treatment agencies. Each of these is to serve as a first stop on what is supposed to be an integrated system of treatment for the mentally ill.

In Santa Clara County these agencies are the Central Mental Health Center, 645 S. Bascom Ave.; the West Valley Mental Health Center, 14195 Capri Dr., Los Gatos; the El Camino Mental Health Center, 660 Fairoaks Ave., Sunnyvale; the North County Mental Health Center, 270 Grant St., Palo Alto; the Downtown Mental Health Center, 85 Notre Dame Ave., San Jose and the South County Mental Health Center, 10080 W. Highland Ave.

With the exception of the Central Mental Health Center which is open 24 hours a day, all centers are open from 8 a.m. to 5 p.m., Monday through Friday.

In addition, voluntary patients may seek treatment at some private hospital psychiatric centers such as The Good Samaritan, El Camino, Stanford University hospitals, San Jose Hospital, V.A. Hospital, and the Adult and Child Guidance Clinic.

To gain treatment at any of these facilities, patients may call for an appointment, may walk in if it is an emergency, or, in the case of involuntary patients, may have a petition filed in their behalf for such treatment.

Petitions for involuntary patients are filed at the treatment centers. But the plan requires a slightly different route for such efforts of treatment. Persons whose admission is being sought on a petition must have a "pre-petition screening", that is, a psychiatric evaluation by an officially designated mental health expert.

The results of the screening are then taken to Superior Court where a judge either grants or denies the petition for admission.

If the petition is granted, the involuntary patient is then admitted for a 72-hour period of intensive treatment and evaluation.

From this point on, a patient may move through a number of steps in treatment. Some patients may go to Agnews State Hospital, although the emphasis of the Lanterman-Petris-Short Act is to keep them in community facilities.

It is hoped that many will be outpatients. That is, they will live at home and come to community mental health centers close to where they live for treatment in the daytime.

The Lanterman-Petris-Short Act requires additional certifications for additional periods of treatment at specific time intervals after the 72 hours. The aim of this system is to get the patient out of treatment as rapidly as possible and back to his community, family and friends.

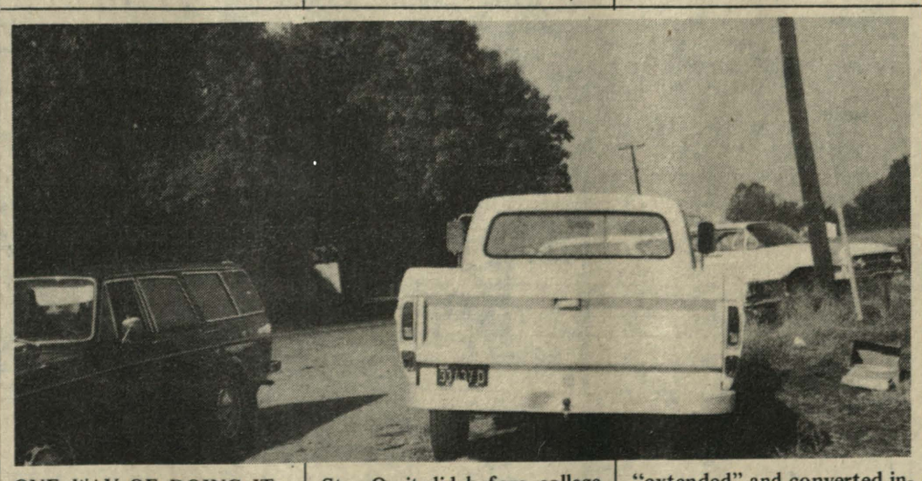
It is intended as the antithesis of those days when it was considered best to place patients in a mental hospital in the belief they would be of harm–and sometimes embarrassment–to family, friends and society in general.

The act and the county plan also include a whole series of provisions designed to inform the patient of his rights under the law. And they also are intended to offer as many different approaches to treatment as possible and as rapidly as possible.

IN THAILAND

U. S. Air Force Sergeant Michael Gagarin, son of Mr. and Mrs. I. P. Gagarin of 1315 Burrows Road, Campbell, is on duty with the 4258th Strategic Wing at U-Tapao Airfield, Thailand.

The sergeant was assigned at March AFB, Calif., before arriving in Thailand.



ONE WAY OF DOING IT--Latimer Ave. ends at First St... Or it did before college started. Latimer Ave. has been "extended" and converted into a parking spot for West Valley College students. A rough estimate revealed that this particular spot was equal distance to the classrooms as the half-filled college-owned Rincon parking lot.

A HARD-WORKING CREW--Members of Boy Scout Troop 339 did a bang-up job of cleaning up the vacant lot next to the Goodwill Store on Campbell Ave. Working were Jim Sturges, Leonard Douglas, Bruce Silva, Chris Jilg, Jeff Jilg and Steve Harris.

Boy Scouts clean up vacant lot

Campbell is a cleaner town this week thanks to the efforts of the Boy Scouts of Troop 339 who spent eight hours cleaning up the large vacant lot south of the Goodwill Store on Campbell Ave.

The clean-up effort was part of the Beautification program being conducted by the city of Campbell, and as a result a formerly littered lot piled high with weeds, discarded bottles and paper, presented a much more pleasing picture to the passerby.

Six members of the troop, organized by Steve Harris, spent two mornings working on the project, and incidently, earned part of their Eagle Badge work by doing so. Boys working included Jim Sturges, Leonard Douglas, Bruce Silva, Chris Jilg, Jeff Jilg and Harris.

SPORTS FANS!

I BET YOU DIDN'T KNOW

By Al Salciccia

Here's an amazing fact about Stan Musial I bet you didn't know . . . In all his years in big league baseball, Musial was NEVER thrown out of a game for arguing with umpires . . . That record is remarkable when you consider that Stan played in 3,026 different games over a period of 22 years!

* * * *

More and more ex-Little Leaguers have now grown up and are playing major league ball -- but, do you know who was the first boy in history to play Little League baseball and then go to the big leagues . . . The first boy to graduate from the Little Leagues to the majors was pitcher Joey Jay when he broke in with the Braves in 1953.

* * * *

What's the farthest any man has ever hit a golf ball? . . . Most golf experts believe the record is held by golf pro George Bayer . . . Bayer is reported to have once driven a ball 500 yards.

Campbell men add to West Valley squad

"We'll have a real fine football team and feel this is the year of the Viking", speculated head coach Bob Jones in advance of the 1969 grid season at West Valley College. A sign-up of 95 should give the Vikes plenty of depth and make them a major power in the Camino Norte Conference.

West Valley can be expected to be stronger at almost every position over last year's third place squad. Two reliable playmakers will vie for the starting quarterback role in the Sept. 20 opener. Bill Barnes, letterman and a grad of Wilcox High, threw 19 touchdown passes last season and apparently holds only a slight edge over Gary Peterson from Saratoga.

Main targets for the offerings of the qb's will be letterman Stan Hedegard, Campbell; Kent Pederson, Leigh; and first year end Scott Loomis, Saratoga. Dave Ray, leading scorer on the '68 squad, is another favorite receiver and a real speedster from his halfback spot. Larry Orlando should add more speed to the Viking backfield. Orlando was a 9.8 sprinter at Branham Lane High last year.

Two lettermen, Bill Gilliam, Campbell, and Mike Sharpe, Blackford, will battle for the top fullback spot. Newcomer Greg Warrick should make competition stiff for the mid-backfield position.

Lettermen Pete Maiers, Leigh; Hank Oltmann, Campbell; Herb Robinson, Blackford; Dennis Craig, Campbell; Andy Jackson, Campbell; Doug Taylor, Del Mar; and Dave Pollack, Leigh, will give WVC one of the league's toughest front offensive lines.

The defensive squad will be led by letterman Mike Lombardo, Blackford, from his linebacker spot. Dave Boreham, Del Mar; Lou Franzan, Camden; and Jim Dunn, just out of the service, are expected to help hold opponents to a minimum of points from their posts behind the line.

Deep backs will include lettermen Steve Malone, Campbell, and Terry Semon, Leigh. Malone was all-conference at his defensive halfback post last season. Rich De Felice, all-league at Santa Clara High two years ago, will add strength to the already strong defense.

QUITTING AFTER FIVE YEARS---Sam LoBue, a Campbell Press carrier boy for over five years, is reluctantly giving up his job at the end of September. Sam, who started delivering The Campbell Press when he was 11 years old, is now 16, and a junior in Campbell High School. The son of Mr. and Mrs. Joe Maniglia of 1495 Theresa Ave., he has faithfully delivered his papers in the area with very few complaints. However, he now finds that football practice and studies eat into his spare time, and so is ending his paperboy career. Sam has delivered to approximately 70 customers, which makes a rough total of nearly 2,000 papers safely delivered over the years.

STAR CLUB

Tom W. Barbour of 1235 McBain Ave., has qualified as a member of the 1969 Star Club of New York Life Insurance Company.

The Star Club is composed of New York Life agents who achieved significant sales records in 1968-69.

As a member of the Star Club, Barbour has been invited to attend an educational conference at Lake Tahoe, Nevada.

LITTLE LEAGUE ELECTS

All those interested in Campbell Little League activities are invited to attend the annual Campbell Little League meeting Thursday, Sept. 25, at 8 p.m. at the Rosemary field house on W. Hamilton, one block east of San Tomas Expressway.

Election of officers for the 1970 season will take place at the meeting.

ZELMAR PLACES

Verdun Zelmar, of Abbey Lane, pitching a brilliant game of 65.1 percent ringers, placed fifth in the sixth annual Los Gatos Open Horseshoe tournament held recently in Los Gatos.

Sixteen qualified for the competition which saw Jesse Gonzales of the host club placing first with 75% ringers. Zelmar won five of his games and lost two.

A WINNER??---Vern Smith and Paul McKeehan of the California Wild Life Federation measure the catch of Gary De Francisco during the first annual Fishing Derby at Vasona Lake sponsored by the Los Gatos Elks club last weekend. The derby was a joint endeavor of the Elks club and the Santa Clara County Parks and Recreation Dept. An estimated 500 aspiring anglers turned out for the first derby.

PG and E again receives top safety award

The National Safety Council's Award of Honor, the council's highest award, has been presented to Pacific Gas and Electric Company for its record in reducing the frequency and severity of on-the-job accidents.

PG&E has won three of the National Safety Council's Award of Honor plaques since 1954.

During the 1968 calendar year, PG&E substantially reduced its accident frequency rate and reduced the severity of accidents, according to the National Safety Council.

"Safety is everybody's job and one that pays dividends in many big ways. Safe work habits make jobs easier and more productive and improve our service to customers," Shermer L. Sibley, the utility company's president, said in accepting the award on behalf of all PG&E employees. Raymond W. White, manager of the company's safety department, transmitted it on behalf of the National Safety Council.

A second award from the Edison Electric Institute honoring PG&E for its large reduction in 1968 of accident frequency over the average of the past three years was accepted by Sibley. It was the fourth time PG&E has won the EEI accident reduction award since 1955.

State mails out more $70 checks

State Controller Huston I. Flournoy has mailed 17,691 checks of $70 each to Californians certified by their county assessors as eligible to receive the Homeowners Property Tax Relief payments.

This was the fourth distribution of payments under the program initiated by the Legislature and approved by the voters in 1968. The first three distributions on June 13, July 9, and Aug. 8 totaled 2,447,114 such checks to other claimants.

Flournoy said some county assessors still are processing applications received by the May 23 deadline for filing. The assessors also now have the applications of those veterans and other homeowners who qualified for the special filing period created by the Legislature and which ended Sept. 1.

The payments represent a rebate on 1968-69 property taxes. For subsequent years, eligible applicants may qualify for $750 exemptions on the assessed value of their property for local property tax purposes.

Most (13,230) of today's checks went to Los Angeles county. Santa Clara County received 217.

SLOT CARS

The wrapped steel cable that runs in slots below the surface of the San Francisco streets over which the cable cars operate travels about nine miles per hour.
